

Time	Monday 13 October 2008	Tuesday 14 October 2008	Wednesday 15 October 2008	Thursday 16 October 2008	Time
08:30 - 10:00		Plenary 01 <i>Auditorium 1</i> M Juliana McElrath - Vaccine Induced Immunity in T- Cell Based Candidate HIV Vaccines Pedro Goicochea - Community Issues Relating to Preventive Research in Developing Countries Dennis R Burton - Antibody Protection in the Macaque Model	Plenary 02 <i>Auditorium 1</i> Bruce D Walker - Correlates of Protective Vaccine Induced T Cell Immunity Ruth Macklin - Emerging Ethical Issues in Preventive HIV Vaccine Research Susan Buchbinder - HIV Vaccine Efficacy Trials: Past, Present and Future	Plenary 03 <i>Auditorium 1</i> Ronald Swanstrom - A New Look at the Transmitted Virus and its Source in the Genital Tract James McIntyre - HIV Prevention: In Search of a Future Guido Silvestri - Mucosal Immunity in HIV and SIV Infection	08:30 - 10:00
10:00 - 10:30		<i>Ballroom</i> Tea and Coffee Break	<i>Ballroom</i> Tea and Coffee Break	<i>Ballroom</i> Tea and Coffee Break	10:00 - 10:30
10:30 - 12:30		Oral Abstract 01 <i>Room 1.40</i> HIV Transmission and Acute HIV Infection Oral Abstract 02 <i>Room 2.40</i> T Cell Vaccines and Animal Models Oral Abstract 03 <i>Room 2.60</i> Neutralizing Antibodies and Immune Escape	Oral Abstract 05 <i>Room 1.40</i> Updates on Clinical Trials Oral Abstract 06 <i>Room 2.40</i> Cellular Immunity and Escape Oral Abstract 07 <i>Room 2.60</i> Novel Envelope Immunogens	<i>Auditorium 1</i> Late Breaker Abstracts	10:30 - 12:30
12:30 - 13:00		<i>Ballroom</i> Lunch Break	<i>Ballroom</i> Lunch Break	<i>Auditorium 1</i> Rapporteur Session	12:30 - 13:15
13:00 - 13:30		Keynote Lecture <i>Auditorium 1</i> Anthony S Fauci - HIV Vaccines: Science and Policy	Lunch Break	Closing and Handover	13:15 - 13:30
13:30 - 14:30		<i>Ballroom</i> Poster Discussion Groups (Lunch Available)	Oral Abstract 08 <i>Room 1.40</i> A Delicate Balancing Act: Vulnerability and Safeguards Debate 02 <i>Auditorium 1</i> Should there be Further Large-Scale Efficacy Testing of T-Cell Based Vaccines that do not Induce Broadly Neutralizing Antibodies? Oral Abstract 09 <i>Room 2.60</i> No Time for Recall: Innate Immune Responses		13:30 - 14:30
14:30 - 15:30		Special Session 01 <i>Room 1.40</i> Preparing for Future Efficacy Trials Oral Abstract 04 <i>Room 2.40</i> Immune Responses at Mucosal Sites Special Session 02 <i>Auditorium 1</i> Innovations in AIDS Vaccines Discovery			14:30 - 15:30
15:30 - 16:00		<i>Ballroom</i> Tea and Coffee Break	<i>Ballroom</i> Tea and Coffee Break		15:30 - 16:00
16:00 - 18:00	Opening Ceremony <i>Auditorium 1</i> Lynn Morris Barbara Hogan Derek Hanekom Malegapuru Makgoba Alan Bernstein Stanley A Plotkin	Debate 01 <i>Auditorium 1</i> Should Animal Models be a Gatekeeper for Human Clinical Trials Symposium 01 <i>Room 2.60</i> The Search for New and More Broadly Neutralizing Antibodies	Round Table 01 <i>Room 1.40</i> Converging of Prevention Technologies Symposium 02 <i>Room 2.40</i> Systems Biology to Unravel and Decipher the Interface between Innate and Adaptive Immunity Symposium 03 <i>Room 2.60</i> Biology of Vectors/ Next Generation of Vectors	Satellite Meetings	16:00 - 18:00
18:00	<i>Ballroom</i> Opening Function	Gala Dinner	<i>Ballroom</i> Poster Viewing		18:00
